

**CREP**

**Application Request**

**Letter**

I, \_\_\_\_\_ hereby request to participate in the West Virginia Conservation Reserve Enhancement Program (CREP). CREP information has been provided and I understand that additional eligibility determinations and technical review will need to be completed for my farm. I am currently interested in the following CREP practice/s on my farm in \_\_\_\_\_ County:

- \_\_\_\_\_ CP1 – Establishment of Permanent Introduced Grasses and Legumes
- \_\_\_\_\_ CP2 – Establishment of Introduced Grasses and Legumes
- \_\_\_\_\_ CP3A – Hardwood Tree Planting
- \_\_\_\_\_ CP21 – Filter Strips
- \_\_\_\_\_ CP22 – Riparian Buffer
- \_\_\_\_\_ CP23 – Wetland Restoration

CREP is a program comprised of Federal and State agencies working together to provide special financial and technical assistance. I understand that by requesting CREP for my property I will be afforded the privileges of working with and receiving assistance from the following CREP partnering agencies for the duration of my CREP contract period:

USDA Farm Service Agency  
USDA Natural Resources Conservation Service  
US Fish and Wildlife Service  
WV Conservation Agency (also representing WV Conservation Districts)  
WV Department of Agriculture  
WV Department of Environmental Protection  
WV Division of Forestry  
WV Division of Natural Resources

I understand that representatives from the above listed agencies may be visiting my farm to carry out the needed determinations and evaluations for CREP purposes. I also understand that I am expected to be involved with and responsible for the planning, implementation and maintenance of any contract and am requested to be present during the initial farm visits for the necessary determinations and evaluations.

The best days and times for my available presence with the initial farm visits are:

- 1.
- 2.

I understand that participation in CREP is voluntary and that I may withdrawal my request for assistance at any time prior to the final contract approval.
